FLORIDA'S GOOD ROADS SOON TO BE A REALITY

DRUGGISTS HAD GREAT TRIP TO BEACH

Greeted Gladly Along Route and Stanford Showed Great Time At Atlantic Beach

It will be possible to make the trip from Tampa to Jacksonville over almost perfect roads within the next few months, according to M. M. Taylor, president of the Florida Pharmaceutical Association, who headed the automobile caravan of pharmacists from Tampa to Atlantic Beach, where the convention was in session last week. Mr. Taylor returned yesterday. "We were surprised," he declared, "at the good roads work which is being done and at the amount which has been done. That we were able to average sixteen miles per hour on the trip to Jacksonville is perhaps the best testimonial I can give of the present condition of the roads.

DAVIS' CARRIAGE PAINTS were colors ground in tough, elastic Coach Varnish and on cover will make your faded automobile or carriage look like new. They are easy to apply and dry with a strong, high gloss-cliching enamel finish. Made for wear and tear.

At Lakeland a delegation met us. The Orlando Board of Trade delegation met us at Kissimmee and escorted us to Maitland. The St. Augustine Chamber of Commerce delegation met us at Hastings and was with us through the Ancient City. Outside of Jacksonville we passed into the hands of a delegation from the Chamber of Commerce. It was a trip royal and within a year, at the most, with good roads all the way, it will be a trip wonderful.
