

### Girl Scouts of Troop 37 Enjoy Week-end Camp

Weeks of planning and anticipation by Senior Girl Scout Troop 37 were climaxed this week by a highly successful camping trip. The girls spent Friday night and Saturday at Miss Gertrude Fridge's camp on the Greenwell Springs road. The site is well suited to Girl Scout camping. The attractive cabin, surrounded by blue hydrangeas, was used for sleeping and for storing food and equipment. Cooking was done over outdoor fires. A fireplace crane was built by the girls and left as a convenience for future campers. Friday's program included a camp fire, traditional in Girl Scout camps. Toasted marshmallows, once taken for granted, were a special treat. The whole trip was leisurely and enjoyable, and Troop 37 is eagerly looking forward to another and still better troop camps.

Scout executives said Girl Scout camping has five chief objectives:

- To stimulate real enjoyment and appreciation of the out-of-doors;
- To develop resourcefulness, initiative and self-reliance;
- To contribute to each girl's physical and mental well-being;
- To provide a happy and adventurous experience, with opportunities for developing skills related to the camper's surroundings;
- To give girls experience in planning and working together as a democratic group.

"Fulfillment of these aims requires well-trained leadership, careful planning, and high standards of health and safety," they said. "It does not call for elaborate equipment or great expenditure of money; in fact, much of the fun of Girl Scout camping comes from discovering what can be done without. Meals are planned on a budget, and equipment is limited to absolute necessities. Comfort, safety and fun are insured through the girls' skill in using and adapting what is available. Long before any overnight camping is done, they learn through practice how to build a fire that will really burn even in wet weather, how to make water safe for drinking, how to make a snug bedroll, how to care for a good meal attractively served.

"There is no confusion, no spilling, no mixing of sand or ants with a Girl Scout camper's supper, served from a log 'table' with centerpiece of black-eyed Susans and woodfern. Singing, square dancing, impromptu dramatics, exploring of the camp site and crafts using materials found out of doors are a few of the other activities which may be enjoyed at a troop camp.

Mrs. C. P. Lator and Miss Peggy Richardson accompanied the girls of Troop 37 on their week-end trip. Miss Richardson and Mrs. H. C. Hanson are co-leaders of the group. Parents of the girls were active in helping to make the camp possible. Girl Scouts taking part were Maida Barron, Sydna Christensen, Nancy Litter, Ann Laycock, Alice Evelyn Peot and Elizabeth Whitney. All are students at Baton Rouge High school.

### 'Elocution' of Mauve Decade To Feature Afternoon Meet

Grandma called it "elocution," mother called it "expression," and now sister calls it "reading."

This will give an idea of the hour of entertainment that is offered in the program at 4:30 this afternoon in the Workshop theater. The program to emphasize the first statement, "Grandmother called it elocution." The public is invited and there is no admission charge.

The hour program will present an authentic performance of two generations ago, the selections to be some of the best known of grandfathers' and grandmothers' day.

"There will be no attempt at satire, or caricature; the program will be simply the best reproduction that we can give of a popular 'elocution hour' of another day," Miss Carolyn Vance of the speech faculty, who has charge of the reading hour, explains. "The participants will wear appropriate costumes. It will, of course, not be without humor."

Old texts have aided greatly in the preparation of the program, indicating the gestures, poses, and inflections which were in vogue in the earlier day.

Among the best known of the old timers most often called for when "elocution" was demanded as one of the social graces of the parlor were "The Face on the Barroom Floor" and "Curfew Shall Not Ring Tonight." Both of these will be given in this afternoon's performance.

Graduate students who play the part of elocution teachers are Cameron Garland, Merle Peak, Mrs. Ruth Shaver, and Vivian Weir. Pupils in the skit are Gwynnola Reed, Jimmy McElwain, June Cain, Pegie Bannister, Ed ward Diaz, and Orlus Mary.—G. W.

### Body of Mississippian Found in Park Lake

Durant, Miss., May 21 (AP)—The body of H. L. Mansker, 44-year-old Goodman, Miss., pressing shop proprietor, was found here today about noon in the lake waters of the Holmes county state park and a coroner's inquest jury called by Sheriff Walter Murtaugh returned a verdict of suicide.

Holmes county officers were called to conduct a search for Mansker after the caretakers at the park found a suicide note attached to the steering wheel of Mansker's abandoned car which read, "I'm going to end it all," according to Sheriff Murtaugh.

The sheriff said Mansker was shot over the left eye. He stated that Mansker presumably fell over backwards in to the deep water after shooting himself.

Mansker is survived by his wife, Mrs. Mildred Wells Mansker and little son, Dick Mansker.

George E. Kyle, Jefferson highway, reported theft of his lawn-mower from an outhouse sometime between Thursday evening and Saturday.

### Communists Again Enter Politics Under New Name

New York, May 21 (AP)—American Communists, who disbanded as a political party, went back into politics today under a new name.

They set up the Communist Political association with "organized participation in the political life of our country" as one of its avowed purposes.

Communist Leader Earl Browder told delegates to the Communist national convention that the new organization would be nonpartisan, but said "we need to emphasize that nonpartisanship does not mean nonpolitical."

The new association was formed at the second day of a four-day convention, the first of which saw the Communist dissolve as a party and pledges support for the re-election of President Roosevelt.

A constitution was adopted for the new dues-paying group, with membership open to any resident of the United States over 18 years old "regardless of political affiliation."

The constitution thus permits members to be affiliated with political parties, but Roy Hudson, chairman of the constitution committee, said that "we of course have no desire or intention to create or organize a Communist bloc in any political party."

### New Bulgarian Premier Named

Istanbul, May 21 (AP)—A dispatch reaching Istanbul today said Kristo Kalfov, president of the Bulgarian parliament, would become the new premier of Bulgaria, succeeding Premier Dobri Bozilov—reported by the Germans to have resigned.

(A German broadcast yesterday said a cabinet reshuffle "is taking place," but declared it had no connection with German-Bulgarian relations.)

Kalfov, a reservist lieutenant colonel, is a frequent visitor to Berlin.

Information reaching here said German demands on Bulgaria had been increased, that the Bulgarian collaborationist government was meeting with opposition from the people, but that any reshuffle would result simply in replacing one puppet government with another.

### CIO Criticizes NLRB Decisions

Washington, May 21 (AP)—The CIO today sharply criticized recent decisions of the National Labor Relations board, called its proposed changes in regulations a new threat to organized labor, and laid the entire trend to the influence of one board member—Gerard D. Reilly.

The protest, issued by President Philip Murray and the executive officers of the CIO, was touched off by a hearing last Friday on a proposal to give employers the right to petition for a collective bargaining election when they doubt a union's majority.

The recent Montgomery Ward & Co. seizure grew out of such a contention by President Sewell Avery, that the CIO union with which he had been directed to negotiate a new contract lacked a

### King Deplores Undue Optimism About War's End

Washington, May 21 (AP)—Adm. Ernest J. King deplored today what he said was a tendency to believe "that the end of the war is close at hand, both in the Atlantic and Pacific."

In an address prepared for delivery at the annual massing of the colors at Washington cathedral, King said that over-confidence now will "do an injustice to those who are about to go into battle."

He said this of military prospects: "Fortress Europe will be assaulted in what promises to be the most formidable military undertaking in history. In the Pacific, other vast operations are pending, for despite recent advances we are still far from the citadel of Japan which must be breached before the war is won.

"We of the armed services have pondered these great problems; we have calculated the risks; we know the obstacles. But we also know our own strength. We have the men, the ships, the planes, the weapons and the plans and teamwork."

"I can assure you that when the zero hour arrives—we shall not fail."

### Landing Craft Production Grows

Washington, May 21 (AP)—An April increase of 35 per cent in production of landing craft pushed the 70,000-vessel program 2 per cent ahead of schedule, the War Manpower commission reported today.

Attributing much of the rise above March figures to a labor recruiting drive by the U. S. Employment service, WMC said that deliveries of tank landing ships (LST) moved ahead of schedule for the first time.

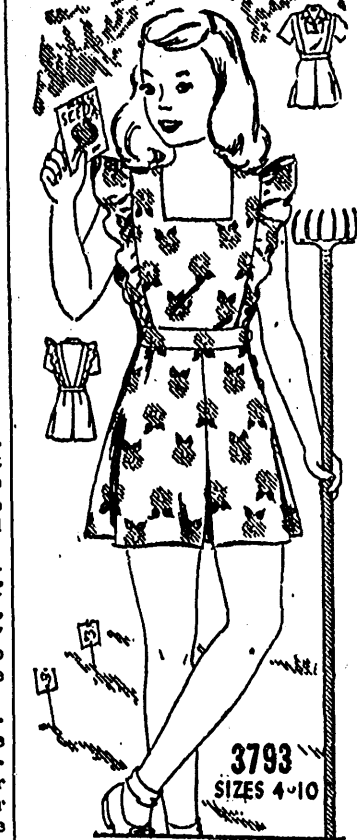

"Of the 15 types of landing craft being built, production was equal to or ahead of schedule in all but five and they were only slightly behind," WMC's report stated.

Employment records revealed an increase of 5,000 workers over the March employment of 104,500 in 34 firms engaged mainly or entirely in invasion craft production. The manpower office estimated that only 14,000 new workers would be needed in the next six months, but said the greater part would be required before July 1.

The Curtiss-Wright plant, St. Louis, is among the 14 plants leading all United States war plants in the number of awards won by workers for suggestions which speed the turning out of war equipment. Thirty-three awards have been captured by workers in the St. Louis plant.

Here's way to whiten cottons and linens safely

1. SUPERIOR BLEACHES sometimes do this to cottons and linens because their action is uncontrolled.

2. PLAIN WASHING means lots more rubbing to get things white. This also is very hard on fabrics.

3. WITH PUREX you can avoid both dangers. Used as directed, Purex whitens gently—with controlled action. Safer than inferior bleaches or extra rubbing. Linens last longest.

Present prices of whiskey

Hiram Walker brands are supplied regularly, yet due to wartime demands your dealer often will be unable to furnish the brand you request

OUR GOVERNMENT has found it necessary to place higher taxes on many things in order to raise the billions of dollars needed to win this war.

And whiskey is one of the things on which a higher excise tax has been placed. In altering the prices, the distillery, the wholesaler, and the retailer are adding only the exact amount of the new tax, without "mark-up."

Since our plants stopped distilling whiskey in 1942 the only changes in official prices of Hiram Walker brands have been those due to excise taxes and OPA adjustments.

The official OPA prices of Hiram Walker brands in this city are now as follows:

**Canadian Club**  
Blended Canadian Whiskey 50.4 proof. This whiskey is 4 years old. \$5.40 4/5 QUART

OFFICIAL OPA PRICES ON CANADIAN CLUB IMPORTED AFTER MARCH 31, 1944—INCLUDING LATEST FEDERAL EXCISE TAX

**Walker's DeLuxe**  
Straight Bourbon Whiskey 86 proof. This whiskey is 4 years old. \$3.72 4/5 QUART \$2.54 PINT

OFFICIAL OPA PRICES—INCLUDING LATEST FEDERAL EXCISE TAX

A substantial quantity of Hiram Walker brands is supplied regularly to this area. Yet the wartime demand is so great that your dealer often cannot furnish the brand you request. In fairness to him, please be patient and remember that the whiskey shortage is real... due to the war work of the distilleries. The best way to obtain your favorite brand is to ask for it every time!
