

CAPITOLIAN-ADVOCATE

Louisville, New Orleans and Texas Railway

On and after May 30, 1886, passenger trains on this road will run as follows:

Table with columns: Fast Mail, Read Up, Read Down. Lists train routes and times for New Orleans, Baton Rouge, etc.

Table with columns: Express, Read Up, Read Down. Lists express train routes and times for New Orleans, Baton Rouge, etc.

Close connection made at all junction points. Pullman Buffet Sleepers New Orleans to Vicksburg, New Orleans to Little Rock and New Orleans to White Sulphur and other celebrated Springs and Mountain Resorts on the C. and O. Railway, without change. Elegant day coaches on all passenger trains. For further information apply to your station agent or address, A. J. KNAPP, G. P. A. Memphis, Tenn.

LOCAL MATTERS.

Those desiring a good, palatable drink should call at Wax's State House Saloon, where the celebrated Yanissee whisky can be obtained.

Mr. Powell, the courteous agent of the Mississippi Valley Railroad at this place, has returned from his visit to relatives in Mississippi, and we are pleased to see him looking much improved in health.

Matters around the courthouse were dull this morning. As there will be no court until the September term the members of the bar have ample time to go fishing, or enjoy their vacation in a visit to the lake shore.

Our esteemed fellow-citizen, Mr. Thos. B. Dupree, accompanied by his mother, Mrs. Col. Huntley, Mrs. T. K. Faunt LeRoy and Master Sammy Dupree, left this morning for Biloxi, Miss., where they will spend some time. We join their many friends in wishing them a pleasant sojourn by the gulf shore and a safe return.

We are pleased to mention the fact that our enterprising young friend, Mr. S. I. Raymond, of the popular Main street dry goods emporium, leaves on Tuesday next for New York, on the steamship Louisiana. He expects to be gone about five weeks, during which time he will select a choice stock of the most fashionable fall and winter goods.

Judge J. H. Hills has assumed editorial control of the Iberville Democrat, and in his salutatory announces that he intends to pursue a Democratic-Conservative course, designed to assist in the unification of the Democratic party of Iberville and of the State. The sentiments he expresses are worthy of commendation and emulation. We wish him and his sprightly paper a full measure of success.

We are informed a project has been set on foot by a couple of enterprising young men, to have the houses on the principal thoroughfares of the town numbered. They will draw up a petition to that effect and present it at the next meeting of the City Council. They urge that the numbering of the houses will be a great convenience, particularly to strangers visiting our city.

Mr. James Manskor, the manager, informs us the new telegraph line connecting Clinton with Ethel Station, on the Mississippi Valley Railroad, has been completed and is now ready for business. The first message over the line was received by our reporter, from Mr. Manskor, as follows: "Our line to Clinton completed yesterday evening at 5:30. Citizens of Clinton send greetings to citizens of Baton Rouge."

A large crack exists on Front street, running from Capt. Fisher's old flatboat across to the shed in front of Mr. Tim Duggan's store. It then turns and runs to the northwest corner of the shed to the sidewalk, and then follows a northwest course in front of the old Franklin house. In front of the latter a large sink occurred Wednesday, but has been filled. It is evident that unless something is done to protect the river front, there will be some bad caving soon. The sinking of the railroad track in front of the barracks continues to be troublesome.

We have been shown by our esteemed fellow-citizen, Mr. Daniel Morgan, master of the Louisiana State Grange of the Patrons of Husbandry, samples of Ramio, Australian Millet and Russian Teosinte plants. The seeds were obtained by Mr. Morgan from the agricultural department at Washington and

planted about the first of April. This was rather late in the season, but Mr. Morgan considers his experiment satisfactory. The millet, he thinks, will produce twice as much as oats, as two cuttings can be had from one planting. The Teosinte plant resembles that of our corn. As yet Mr. Morgan is unable to say what sort of grain it will produce here. The fodder looks nice for stock. Mr. Morgan will ascertain whether the Millet and Teosinte can be grown here in winter. If they can, he thinks it can be made a very profitable crop for stock raisers. Mr. Morgan left the samples with the Commissioner of Agriculture for inspection.

STATE HOUSE ITEMS.

The following appointments were made by Governor on Monday: Members of the Board of Commissioners for the Fifth Louisiana Levee District, under Act No. 44 of 1886.

W. G. Wyley and Jesse Nalle, of East Carroll parish; Geo. W. Montgomery and Geo. C. Waddell, of Madison parish; F. S. Shields and J. B. Hoserote, of Concordia parish; C. C. Cordill and G. C. Goldman, of Tensas.

Members of the board of commissioners of the Tensas Basin Levee District, under act of 69 of 1886:

A. Hoffner, of Morehouse parish; Uriah Millsaps, of Ouachita parish; D. T. Ivey, of Richland parish; John Matthews, of Franklin parish; Sidney Gilbert, of Caldwell parish; J. S. Herring, of West Carroll parish; Charles O. Bowman, of Catahoula parish.

All of the parishes of the State, except Ascension, Assumption, Bossier, Caddo, Catahoula, Concordia, Franklin, Lafayette, Natchitoches, Ouachita, Pointe Coupee, Sabine, Terrebonne, Vermilion, Union, West Carroll and Winn have reported their collections of State taxes for the quarter ending June 30th, 1886. The Auditor states that reports are now coming in daily and he expects to hear from the above mentioned parishes in a short while.

WEATHER AND RIVER NEWS.

Wednesday night was exceedingly warm. This morning opened cloudy and close, with a breeze from the northeast.

The river gauge reads 11 feet and falling.

During the past 24 hours there has been a fall of 11 inches.

Following is the reported movements of steamers:

- Passed up—City of Natchez.
Passed down—City of Baton Rouge and T. P. Leathers.
Due up—H. Hanna Blanks, Phil. E. Chappel, Fanchon and Keokuk.
The City of Baton Rouge discharged a lot of Western freight here this morning.

Some Rules for Women.

- 1. A woman's power in the world is measured by her power to please.
2. Modesty is the ground on which all woman's chances appear to the best advantage.
3. So the woman's aim is to please and modesty is the first principle in the art of pleasing.
4. Always dress up to age, or a little beyond it.
5. Remember that what woman admire in themselves is seldom what men admire in them.
6. Women's beauties are seldom men's beauties.
7. Gayety tempered by seriousness is the happiest manner of society.
8. Always speak low.
9. A plain woman can never be pretty, but she can always be fascinating if she tries.
10. Every year a woman lives the more pains she should take with her dress.
11. In all things let a woman ask what will please the men of sense before she asks what will please the men of fashion.

Mr. Joseph Lovillo, superintendent of pilots at this port, has just completed a design for an additional or auxiliary ship's rudder. The invention, which will be patented, consists in converting a portion of the after-lower part of a ship's keel into an additional rudder, worked by the regular lines. This, it is claimed, turns a ship much more readily than the present arrangement, and would be of great service in changing a vessel's course to avoid a collision or any other similar mishap. Mr. Lovillo says that he was led to make this improvement by considering the fact that ship's rudders are at present so easily carried away, and are, moreover, no larger to-day than they were 200 years ago, when the vessels themselves were so very much smaller.

STATE NEWS GLEANINGS.

Avoyelles.

A great deal of rice has been planted in the parish and it is doing remarkably well. The Bulletin is rejoiced to know that a diversity of crops has been planted this year. The weather has been very favorable for the growing crops. The fig crop is abundant, and there is fine fishing in the bayous. The citizens of Cottonport have organized a military company. The cotton crop is looking up again. The corn crop is classed as quite good.

Pointe Coupee.

Mr. Edwin Vignes, tax assessor of this parish, died on the 9th inst. He was a good citizen, a devoted husband and father, a zealous mason and was buried from St. Francis church. He leaves a wife and nine children to mourn his loss.

Mr. George W. Brown, a respected citizen of the parish, died at New Road July 10th.

The Democratic Parish Committee met July 14th and ordered elections in the first and second wards to fill vacancies. The full committee will meet again August 2d to order primaries to elect delegates to a parish convention to select delegates to the Congressional district convention which meets in Baton Rouge September 15th.

Mr. P. B. Patten and wife lost their infant daughter on the 8th inst.

The Banner records a case of what it styles Creole yellow fever.

St. Tammany.

Heavy rains and thunder storms have prevailed to the detriment of farm work.

Mr. Eddy Bossier ran his horse over a cow last week and was thrown to the ground. He received slight injuries and is all right again.

Winn.

The farmers say they have plenty of grass.

Iberia.

The Louisiana Farmer has been enlarged. Fair weather, just the thing for farm work.

Mr. Camille Boudreaux and Miss Lucie Beslin were married on the 5th.

The corn crop has been considerably injured by the storm of a few weeks ago, while reports from the cotton sections are not satisfactory.

Rice is said to be a perfect crop this season.

Feliciana, East.

Mrs. Julia A. Dixon, died July 12th, near the parish line in Amite county.

The Confederate Veterans of East Feliciana held a meeting in Clinton on the 17th. The meeting was celebrated with a good dinner and patriotic speeches.

St. Charles.

The Herald wisely concludes that it is not just, dignified nor beneficial to the State to abuse the governor, the State officers, the legislature and public officials in general, without stint, when they do not merit such abuse. The Herald believes in rendering unto Caesar that which is Caesar's, and is level headed when it makes its mind up to that.

Concordia.

The planters complain they are getting too much ruin. Mr. Zukak is building a nice residence in Vidalia.

Wild Bill White shot and wounded Mr. McCall on Wild Cow Bayou near Black river.

Dysentery is the prevailing sickness around Vidalia.

The Sentinel says Hon. John Murdock has been assured of the unanimous support of Tensas parish, and that he will go into the nominating convention with a formidable delegation.

St. Landry.

Charbon prevails in this parish on the places of Mr. Henry Comeau and Mr. Cleophas Comeau.

The season has been exceedingly wet and the Courier says there is no telling how much injury will result to cotton in consequence of the excessive rain.

Natchitoches.

The Robeline Reporter says, considerable sickness has been going the rounds in that neighborhood.

A negro named Grant Wilson, was killed by lightning on the 18th.

Tensas.

The Gazette says: "The crops in this neighborhood are, to be very conservative in an exceedingly critical condition: Before the unprecedented rains of June, the crop was fully three weeks late, and during the wet weather the grass and weeds literally enveloped the cotton; there was even too much rain for the corn."

Base fishing in Lake Palmyra, Tensas parish, is said to be very fine. The base ball season has opened at Waterproof.

Weather continues clear and warm. The ginning cotton worm has appeared on the Osceola plantation.

Hon. John Murdock has been announced in the Gazette as a candidate for the Democratic nomination for Congress.

Richland.

The farmers say they are catching up with their work.

One farmer says he will make 40 bushels of corn to the acre.

Union.

Mrs. Westbrook died at her residence in Farmerville on Wednesday of last week.

Caldwell.

Ponches scarce this summer. Holm postoffice has been re-established with W. H. Hanchy postmaster.

St. Tammany.

Mr. Andrew Bowman and Miss Amanda M. Clark were married in Madisonville on the 14th inst.

Franklin.

Mrs. Birdie M. Kinney, wife of James M. Kinney, died at the family residence at Oakley, on the 13th, after an illness of only a few days.

Mrs. Mary Roach and her little son were thrown from her buggy recently. Mrs. Roach was painfully bruised. Her little son's injuries were slight.

Three negroes, working in a field on Bayou Macon, were prostrated by a clap of thunder. They all recovered.

Mrs. Addie Birken died June 13th, aged 54 years.

Rheumatism, neuralgia and nervous headache are not easily cured, although they are common diseases. At last a remedy has been found in Tongaline, which is highly recommended by physicians. J. H. Garver, M. D., Pueblo, Col., writes: "Am pleased with Tongaline. Have frequently prescribed it with entire satisfaction."

MIRACULOUS ESCAPE.

W. W. Reed, druggist, Winchester, Ind., writes: "One of my customers, Mrs. Louisa Pike, Barton, Randolph Co., Ind., was a long sufferer with Consumption, and was given up to die by her physicians. She heard of Dr. King's New Discovery for Consumption, and began buying it of me. In six months' time she walked to this city, a distance of six miles, and is now so much improved she has quit using it. She feels she owes her life to it. Free trial bottles at H. C. Paulsen's drug store."

"Take care of the little ones." Dr. Day's Compound Syrup of Wild Cherry and Tar has proved invaluable in cases of Croup and Whooping-cough. A father of a family tells us he can't afford to be without it. Keeps the children healthy. For Colic use Dr. Davis's Liver Pills.

WONDERFUL CURES.

W. D. Hoyt & Co., Wholesale and Retail Druggists, Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salvo for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by the use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by H. C. Paulsen.

ADVICE TO MOTHERS.

Mrs. Winslow's SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little chorub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other uses. Twenty-five cents a bottle.

Died.

On Allendale plantation, in West Baton Rouge, on July 27th, 1886, Mrs. Nancy E. Bennecaze, wife of Alfred J. Bennecaze, aged 25 years. New Orleans papers will please copy.

WANTED.—Information about any surviving children of Carl Emil Edward Mischel, a native of Denmark, who assumed in this country the name of Alexander Hart or Harth, said to have resided at Baton Rouge, married to Elizabeth Alminda Elsal, and at time of death, anno 1863, leaving four children, say: Anna Dorothea, born 1818; Jacobine Mary Tanssco, born 1824; Edward Jackson, born 1828; and Thomas Jacob Elsal, born 1859. Any information about same, if still alive, and where domesticated to be addressed to: H. F. KLUMPF, Danish Consul, No. 42 Union street, New Orleans. Jy28-5td
