First Offering: LAKEVIEW/ LAKESIDE PARCELS

This is Los Angeles County ... and so is this

Lake Los Angeles

FOR FUN AND PROFIT

If you thought only rich people could own money-making property in Los Angeles County — look where you can buy for \$40 a month!

Lake Los Angeles is the beautiful movie ranch that has been opened for private ownership of 1/2-, 3/4- and 1-acre parcels. It is just 78 miles from City Hall via the new \$68.5 million Antelope Valley Freeway...the next step from booming San Fernando Valley.

In only eight weeks, southlanders have purchased 1600 parcels here, probably the fastest-selling property development in Southern California history! Now, new choice sites have just been released for sale.

R. A. Watt, California's largest home builder, and George E. Isaacs, noted developer, are investing \$10 million in paved streets and water lines to every parcel, two lakes, a spectacular 400-acre park and model homes. Much of it is already in—you can see and enjoy it now!

If you know how valuable waterfront and waterview properties are in Southern California, you'll want to inspect the new parcels just opened beside and between the two lakes of Lake Los Angeles...one already shimmering beneath the smog-free sky... the other about ready to be filled. Lake area sites are priced from \$200 down. There's nothing else like them within 75 minutes drive of downtown!
